Notes Walk down to St Brelade Bay and to Beauport Bay

Description

Croix Cottage is a 3 bedroom cottage situated on a hill above the beautiful St Brelade's Bay on the south coast of the island and just a short walk from the more secluded Beauport Bay. The semi-detached accommodation was originally built as a fisherman's cottage in the 17th Century as a single storey thatched house and has been totally rebuilt to the highest standard.

There is underfloor heating in this spacious and well equipped accommodation and lovely details such as the now exposed original stonework (including a fireplace in the lounge and a marriage stone above the front door.) It is one of three cottages, in a country setting, beside La Moye Country Park. In St Brelade's Bay there is a lovely sandy beach with many seasonal watersports on offer plus restaurants and beach shops/cafes all within downhill walking distance of this lovely property - though the hill to return to the cottage will prove a challenge to most! There is a country park next to the property where wild pheasants and fowl wander free-range and they can often be noisy. This an ideal location for a great family holiday.

Children of all ages most welcome.

Sorry, no smoking inside the accommodation.

Pets welcome.
